

Dear Principal,

I hope this message finds you well. I am writing on behalf of the Knights of Columbus to respectfully request the opportunity to speak with the young men at your school about becoming involved in our organization.

The Knights of Columbus is a Catholic fraternal organization dedicated to forming men of faith, service, and leadership. For young men, 17 1/2 years old and older, involvement in the Knights provides a meaningful way to grow spiritually, serve their community, and develop leadership skills rooted in Catholic values. Membership encourages a lifelong commitment to charity, unity, fraternity, and patriotism—principles that strongly align with the mission of Catholic education.

Through the Knights of Columbus, young men have opportunities to participate in service projects, support parish and diocesan initiatives, engage in pro-life and charitable works, and build strong relationships with Catholic mentors and peers. These experiences help foster personal responsibility, confidence, and a deeper understanding of their faith while preparing them to be active, faithful leaders in their parishes and communities.

We would be honored to briefly speak with your students to share how the Knights of Columbus can support their spiritual growth and provide opportunities for service and leadership beyond the classroom. We would, of course, coordinate with your schedule and comply with all school guidelines.

Thank you for your time and consideration. We greatly appreciate your commitment to forming young men grounded in faith and service, and we hope to partner with you in that mission.

Respectfully,

Name

[Your Title/Role, if applicable]
